Free Seat Educational Offer!

Midwest CAM Solutions will donate one full seat of GibbsCAM software to all qualified educational facilities. From High Schools to Universities and Technical Colleges, private or public, your school can take advantage of this powerful CAD/CAM software technology.

GibbsCAM products are leading the industry in ease-of-use and in new development. With its powerful functions and usable format, GibbsCAM is leaving a powerful impact on the CAM market and creating a new standard for how quickly the end users can be making quality parts. And, the software is available to you at “No Cost”, if you are open to and comply with any of the following requirements:

- Software must be used as a programming tool, in your machining trade courses.
- Curriculum to be written and incorporated into your CAD/CAM engineering classes.
- Software would be loaded and available for student usage and CAD/CAM programming.

Annual Maintenance fee of \$200.00 is required for extended usage. The software and a first year of maintenance are included free. Midwest CAM will provide your school with a timed keysoftware license. If maintenance coverage is renewed, and remains current (renewed annually), your school will then be allowed continued use of the Free Software Seat, as long as you remain current on the GibbsCAM Maintenance program.

If you would like to take advantage of this great opportunity, and are willing to comply with the requirements above, please complete the form included. You will then receive a full functionality “timed” hardware key, manuals, software, and curriculum assistance. The software license includes Milling, Turning, Rotary, Adv. Milling, 3D SolidSurfacer, and Machine Tool Post Processors. You will also receive a Free 4-hr Session of software training, available at Midwest CAM training facility. *(The total industrial value of this package is approximately \$18,000.00. Don't miss this great opportunity.)*

Call today if you have any questions or concerns regarding this incredible offer. Our office number is: (763)560-6567. Or simply complete the contract form included and fax it in to: (763)560-6462.

We look forward to assisting you as you migrate into the latest developments in today's manufacturing technology.

Single Seat Software Offer Contract

Midwest CAM Solutions is donating a full seat of GibbsCAM software to the educational facility listed below. The software is donated for educational purposes only and may not be used outside of the educational realm. The software key license provided will be a "timed" key license. The school understands that the software seat is licensed to this school only, and may not be sold or gifted to any other group or company.

Name of School: _____

Address: _____

Phone: _____ Fax: _____

Name of Primary Contact: _____

Other Instructors: _____ Name

of Authorized Department Supervisor

or Administration Manager: _____

We understand that this software is provided to our school with the requirement that we utilize its functionality within our educational setting. Checked below is the level(s) of usage that our school will comply to: *(please check all that apply)*

- Software will be used as a programming tool in our machining trade courses.
- Curriculum will be written and incorporated into our CAD/CAM engineering classes.
- Software will be loaded and available for student usage and CAM programming time.

We do understand that this software donation provides our school with free software technology use and a free year of maintenance coverage. This free software can be retained indefinitely if we, as a school, choose to renew an annual maintenance contract with Midwest CAM Solutions, Inc. and GibbsCAM. The annual cost for this maintenance coverage is \$200.00. If we do choose to remain current with an annual maintenance fee of \$200.00, we will be supplied a new hardware key annually, for as long as we remain current. Maintenance covers all documentation and software upgrades, as well as unlimited technical support via phone, e-mail, web, office, etc.

The GibbsCAM products provided in this offer are the responsibility of the above mentioned school. Replacement costs, for items that become lost or stolen, are liabilities of the school.
